## ABOUT US

2nd Chance clinic is conveniently located in the heart of Central Kentucky. We provide a wide array of opioid addiction treatment services in order to meet your individual needs. This can include meeting with a physician, individual or group therapy, and targeted case management services.

All of our team members are attentive and willing to help you to overcome your opioid addiction.

We provide a wide array of opioid addiction treatment services in order to meet your individual needs.

## OUR VALUES

- Addiction is a chronic, relapsing disease, and should be treated as such in a medical and psycho-social manner
- Addiction is a complex but treatable disease that affects brain function and behavior
- Individualized drug treatment can best meet the needs of the patients and help them through the stages of addiction recovery
- Effective treatment addresses all of the patient's needs, not just his or her drug use
- People need to have quick access to treatment

## OUR SERVICES
