OUTPATIENT TREATMENT

At Beacons of Hope, we offer a variety of outpatient services to meet patient needs. These efforts are made possible through partnerships with Primary Care Centers of Eastern Kentucky, Recovery & Beyond, and Perry/Knott Counties Quick Response Team.

Family-oriented addiction assistance programs

ABOUT US

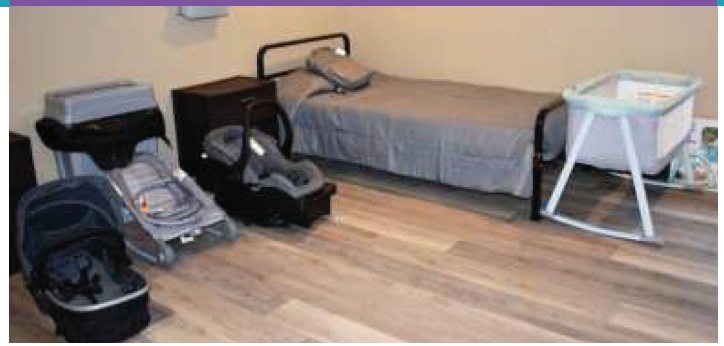

Beacons of Hope was founded in 2021 to foster the need for family-oriented addiction assistance programs. The services offered at Beacons of Hope are tailored to each clients specific needs to ensure a positive recovery outcome. Through our family-oriented program we provide the unique service of supervised visitation for parents and their children and accept mothers with children up to 12 months of age. We strongly believe that creating a safe place for today creates a brighter tomorrow. The caring and compassionate staff at Beacons of Hope provide exceptional care for Substance Use Disorder (SUD), Behavioral health, and Co-Occurring Disorders. Our main goal is to help people who have been hurt by addiction reclaim their dignity, build a better life, and aspire to a brighter future. Our core values include integrity, honesty and respect. Client privacy and dignity are a priority.

RESIDENTIAL TREATMENT

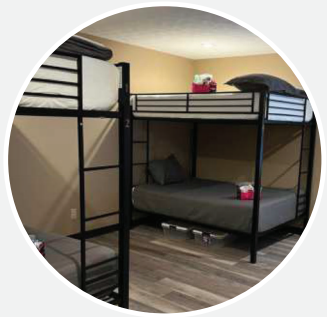

Our residential treatment facilities provide a safe, stable, and positive living environment for clients in recovery.

Women's Residential

- 29 Bed Facility
- Accommodate mothers with babies up to 12 months old

Men's Residential

- 32 Bed facility

Some of the Services Offered Here Include:

- 24 hour supportive treatment
- Individual and Group Therapy
- Peer Support
- Living skills
- Monitored structured activities
- Supervised visitation for parents and their children
- 24 Hour Security

EDUCATIONAL OPPORTUNITIES

We offer clients the opportunity to complete their GED classes and further their college education.

MULTI PURPOSE FACILITY

Our multi purpose facility is a general area for client activities, educational opportunities, counseling, etc.

VISITOR'S CENTER

We understand family is an important part of the recovery process. The Visitor's Center on our campus offers a warm, kid-friendly environment for patients and their family members. We offer the unique service of supervised visitation for parents and children.
